

Senior Behavior Analyst

CCSN: The Center for Children with Special Needs & The Center for Independence seeks a Senior Behavior Analyst to join our staff. We seek an individual with a Masters or Doctoral degree in Psychology, Special Education, or a related field and who is Board Certified in Behavior Analysis, with extensive experience working with individuals with autism spectrum disorders in educational settings. Primary responsibilities will include providing consultative support and clinical supervision to staff in programs for students with Autism Spectrum Disorders in selected public school programs. We seek an individual with excellent clinical skills, along with a proven and extensive history of team leadership. This person should also be able to work collaboratively with interdisciplinary teams in a leadership role to promote evidence-based instruction at all levels.

CCSN offers a very competitive salary and exceptional benefits including full medical, tuition reimbursement, and funding for professional development activities. Salary would be commensurate with experience.

Interested individuals are encouraged to forward their curriculum vitae and a cover letter to: Dr. Michael Powers, Director, CCSN, 2300 Main St., Glastonbury, CT 06033.
Fax: 860-430-1767. Email: info@ccsnct.org
